Dear Parents:

New this spring, students in grades 6 through 12 will be asked to read statements about their responsibilities during MCAS testing, and to sign an acknowledgement indicating they understand these responsibilities. The statements are shown below. We recommend that you discuss them with your child along with related policies from our student handbook.

Thank you for your support. Please contact me if you have any questions.

Sincerely,

Allison F. Borchers
Principal

Student Responsibilities during MCAS Testing

By signing below, I promise that

- I have not already seen the student test booklet that I will receive.
- All the work in my answer booklet will be my own: I will not copy anyone else's work and I will not let anyone answer questions for me.
- I will not use any materials, such as a cell phone or other electronic device, that I am not allowed to have during testing.
- I will not discuss or share information with anyone about the questions until MCAS testing ends in my school.

If I have any questions about these statements, I will talk with my teacher or principal.

I make the promises above and know that there may be consequences for breaking my promise or the test administration rules.

I have read these statements and understand them.
