

BUILDING TRADES TRAINING DIRECTORS ASSOCIATION OF MASSACHUSETTS

Directory of Joint Apprenticeship Training Centers in Massachusetts

Why a career in construction?

Construction is an industry that will always need skilled workers. Economists predict a pending shortage of skilled workers as baby boomers retire so we will be looking for workers to enter apprenticeships.

Many people are drawn to the building and construction trades because they enjoy an active, hands-on job with variety, one in which they can physically see the outcome of their work. Many cite a deep satisfaction with being part of an important project in the community, or being trusted to tackle a challenging portion of a high-profile project that allows you to showcase your high level of skill.

The union advantage

It's easy to find a job in construction, but becoming a skilled journey worker with the union is a career choice for a lifetime. The Building Trades unions and their signatory contractor partners operate over 30 joint apprenticeship training centers (JATCs) across Massachusetts producing the most qualified craftspeople in the industry.

Unlike any other program of its kind, union apprenticeship allows you to **earn while you learn**. Once you become an apprentice, you work and attend a specific number of hours of classroom training, which you also are paid for. The classroom training provides safety and entry-level skills to get you started. You work under a skilled journey worker on the job, learning how to become the very best in your craft.

All craft workers are encouraged to continue their education, learning and growing throughout their careers. And, many apprentice programs offer college credit.

Wages in union construction are very good, and benefits such as health insurance and retirement pension, provide security for you and your family.

Joint Apprentice Training Centers in Massachusetts

General information about the Building Trades JATCs in Massachusetts is provided below. ***Please contact the JATC directly for the most up-to-date and complete information about program curriculum and duration, wages and benefits, and entrance and other requirements.***

Boilermakers

Boilermakers are responsible for assembling, erecting, and maintaining boilers, tanks, pressure vessels, heat exchangers, calandrias, pollution control systems, furnaces, condensers, water towers, penstocks an scroll casings using hoisting, rigging, welding equipment, tools and hardware as required by drawings, specifications, and applicable codes and standards.

Boilermakers Northeastern Area JATC

Length of Apprenticeship:

- Four (4) years.
- Apprentices must attend 576 classroom hours of training.
- Apprentices must complete 6,000 on-the-job hours to graduate from the program.

Wages:

Apprentices begin earning 65% of the journeyman's wage rate *on the date they are first assigned a job as an apprentice – and stay at 65% for a period of one year.* Thereafter, apprentices are eligible for a 5% pay increase every six months – *however, increases will NOT be issued until all work required of the next wage bracket is successfully completed.* Raises are issued at intervals of six months from the date of the last increase.

Basic Requirements:

- Must be at least 18 years old.
- Must have a high school diploma or G.E.D. certificate.

Application Process:

Applications will be distributed on the LAST FRIDAY of EVERY MONTH from 8:00 AM to 11:00 AM. **Applicants MUST pick up applications in person** at Boilermakers Local 29, 68 Sagamore Street, North Quincy, MA 02171, and return the application and requested documentation to the NE Area office via certified mail/return receipt requested within ten (10) business days.

Bricklayers

Bricklayers work on buildings, industrial, commercial and residential construction. They build walls and floors made of brick, stone, concrete block, precast and other masonry materials. They also install and finish tile, marble and terrazzo, perform concrete finishing, plastering, waterproofing and masonry restoration.

Bricklayers and Allied Craftworkers Local 3 MA-ME-NH-RI

Length of Apprenticeship:

- Approximately 5 years
- Apprentices must attend 720 classroom hours of training
- Apprentices must complete 5,000 Hours

Wages:

- 1st Year: 50-60% of Journeyperson's Wages.
- 2nd Year: 60-70% of Journeyperson's Wages.

- 3rd Year: 70-80% of Journeyperson's Wages.
- 4th Year: 80-90% of Journeyperson's Wages.
- 5th Year: 90-100% of Journeyperson's Wages.

Basic Requirements:

- Must be at least 17 years old.
- Must have the physical ability to perform the work normally done by craft.
- High School Diploma or G.E.D. certificate.
- Driver's License Preferred.

Application Process:

Boston and Springfield Locations:

- Open Enrollment first week of January
- Application Fee - \$25.00
- Interviews and Testing are ranked during interviews. Trustees select candidates after the process is completed.

School Calendar:

- September – Mid-May required by state (144 Hours of training each year)

Carpenters

New England Carpenters Training Fund

Carpenters work in many settings, from the building of small residential homes, to the fabrication of the most complex industrial settings. They weld metals, mold plastics, saw wood, form concrete, build scaffolds and layout the tallest buildings. They also install doors and windows, build cabinets and lay floors. Their tools are hammers, saws, lasers, digital and electric devices, as well as basic organizational skills. Carpenters work in a variety of conditions and have a wide range of skill levels. Carpenters crafts include: Carpenters and Joiners, Millwrights, Pile Drivers, Residential Carpenters, Interior Systems Carpenters, Lathers and Drywallers, Cabinet Makers and Millworkers and Floorcoverers. Millwrights have an independent training facility and are listed separately below.

Much of the skills training for apprentice carpenters in Massachusetts are conducted at the New England Carpenters Training Center in Millbury, Massachusetts.

Training Apprentices & Journeymen from ME, MA, NH, RI, & VT

Serving Locals 26, 33, 40, 56, 67, 94, 107, 108, 111, 118, 218, 275, 424, 475, 535, 624 723, 1305, 1996, 2168

Length of Apprenticeship:

- Four (4) years - Apprentices attend one week of training every three months for sixteen sessions.
- Apprentices must attend 640 classroom hours of training.
- Apprentices must complete 5,200 on-the-job hours to graduate from the program.

Wages:

The exact rate of pay depends on the type of carpentry program in which the apprentice is enrolled. The standard for apprentices is: First year: 50-60% of journeyman wages; second year: 70-75%; third year: 80%; and fourth year: 90%.

Basic Requirements:

- Must be 17 years of age or older.
- Must be in good physical condition; may require a physical.
- A high school transcript or G.E.D. scores is preferred. However, an applicant may provide proof of satisfactory completion of pre-job preparatory course in Carpentry of at least six months such as United Brotherhood of Carpenters Job Corps, or other approved carpentry apprentice preparatory course. Documentable on-the-job training of six months or 1500 hours experience in the construction field would also qualify an applicant as having met the minimum educational requirements.
- Must pass drug and alcohol test
- Must pass an interview
- Although there are no residency restrictions, residents of union jurisdictions preferred.

Application Process:

- Applicants must attend an informational session, which runs approximately one hour.
- Apprenticeship applications are distributed at the conclusion of informational sessions.
- Attendance for the entire informational session is mandatory. Late arrivals will be denied admission to that session
- To receive an application, you must attend one of the information session listed below.
 - **Boston, MA:** 1st (*first*) Monday of the month at 9:00 AM or 3:00 PM
Boston Carpenters Training Center, 750 Dorchester Avenue, 2nd Floor, Dorchester, MA 02125
 - **Millbury, MA:** 3rd (*third*) Wednesday of the month at 6:00 PM

Electrical Workers and Telecommunications

Electricians assemble, install, maintain and test electrical equipment and wiring systems in residential, commercial, and industrial settings. They provide new wiring; power and controls to motors, HVAC and other equipment including light fixtures, fire alarms, traffic signals, outdoor lighting, process controls and energy management. In addition, they work with fiber optics, telephone communications, and temperature controls amongst other systems.

Springfield Electrical JATC (IBEW Local 7) (Western MA)

Length of Apprenticeship:

- Five (5) years.
- Apprentices must attend 900 classroom hours of training.
- Apprentices must complete 8,000 on-the-job hours to graduate from the program.

Wages:

- 1st year: 40-55% of Journeyman's Wages.
- 2nd year: 50% of Journeyman's Wages.
- 3rd year: 55% of Journeyman's Wages.
- 4th year: 65% of Journeyman's Wages.
- 5th year: 70% of Journeyman's Wages.

Application Process:

Applications are accepted by appointment only after an informational meeting has been attended. Informational meetings are held from September through January each year. Requirements for admission are explained at informational meetings and at local7jatc.com. Dates and times are also at local7jatc.com.

Application Deadline for appointments to apply is the last weekday in January each year.

School Calendar

September to May - Tuesday and Thursday nights, 6-9 pm with some Saturday training.

Basic Requirements:

- Must be 18 years of age or older.
- Must have a high school diploma or G.E.D. certificate.
- 1 year passing grades in high school level algebra.
- Must obtain qualifying score on aptitude test
- Required to pass a mandatory drug test.

IBEW Local 103 JATC (Greater Boston)

Length of Apprenticeship:

- Five (5) years.
- Apprentices must attend 1,050 classroom hours of training.
- Apprentices must complete 10,000 on-the-job hours to graduate from the program.

Wages:

- 1st year: 40% of Journeyperson's Wages.
- 2nd year: 45% of Journeyperson's Wages.
- 3rd year: 50% of Journeyperson's Wages.
- 4th year: 60% of Journeyperson's Wages.
- 5th year: 70% of Journeyperson's Wages.

Basic Requirements:

- Must be 18 years of age or older.
- Must have a high school diploma or G.E.D. certificate.
- Proof of completion of High School Math (Algebra).
- Must live within the jurisdiction of Local 103.
- Must obtain qualifying score on aptitude test

Application Process:

Applications for admission to the JATC are accepted once a year. While the dates will vary a little, you can expect us to open the application process in the beginning of November and it traditionally lasts a couple of weeks. Those that complete the application will be asked back for a basic mechanical aptitude test sometime in January or February. Those that meet the minimum test score will be scheduled for an interview in the spring.

Elevator Constructors

Elevator Constructors

Elevator constructors and mechanics assemble, install, and replace elevators, escalators, dumbwaiters, moving walkways and similar equipment in new and old construction. After installation, members service, maintain, and repair equipment, much of which is electronically controlled. Installers and repairers alike have a thorough knowledge of electronics, electricity, and hydraulics.

National Elevator Constructors Educational Program

Length of Apprenticeship:

- Four and ½ (4.5) years – Five (5) years
- Apprentices must attend 600 classroom hours of training.
- Apprentices must complete 6,800 on-the-job hours to graduate from the program.

Wages:

- Probationary year: 50%(months 1-6) 55%(months 7-12)
- 1st year: 55% of Journeyperson's Wages.
- 2nd year: 65% of Journeyperson's Wages.
- 3rd year: 70% of Journeyperson's Wages.
- 4th year: 80% of Journeyperson's Wages.

Basic Requirements:

- Must be 18 years of age or older.
- Must have a high school diploma or G.E.D. certificate.
- Oral interview administered by union.
- Required to pass a mandatory drug test.

Application Process:

Applications are only accepted during open recruitment periods and are done online. For open recruitment information visit our website www.neiep.org/careers.aspx. Upon submission of application, there are two more steps before one can be considered for apprenticeship: 1) Elevator Industry Aptitude Test (EIAT) and, 2) interview. The EIAT Test is scored on a pass/fail basis; with 70% correct being the minimum passing grade. Applicants who receive a score of 70% or higher will be scheduled for an interview before the Joint Apprentice Training Committee.

Heat and Frost Insulators

Heat and Frost Insulators Local 6 JATC (Asbestos Workers)

Heat and Frost Insulators apply insulation materials to pipes, tanks, boilers, ducts, refrigeration equipment and other surfaces requiring the thermal control of temperatures or soundproofing. Workers also do removal of hazardous waste and clean duct systems.

Length of Apprenticeship:

- Four (4) years.
- Apprentices must attend 640 classroom hours of training. Classes are held 1 day for eight hours every other week. Tuesdays, Wednesdays or Thursdays.
- Apprentices must complete 6400 on-the-job hours to graduate from the program.

Wages:

- 1st Year: 50% of Journeyperson's Wage.
- 2nd Year: 60% of Journeyperson's Wage.
- 3rd Year: 70% of Journeyperson's Wage.
- 4th Year: 80% of Journeyperson's Wage.

Basic Requirements:

- Must apply in person.
- Must be at least 18 years old.
- Must have valid drivers license.
- Must have a high school diploma or G.E.D. certificate.
- Applicants are not required to have taken specific high school courses; however, course in woodworking and mechanical drawing provide a strong educational foundation for insulation work.
- Algebra and geometry courses are excellent preparation for learning to read blueprints. A general science or physics course will enhance your understanding of how heat and sound are conducted.
- Must take and pass State assessment test
- Must be interviewed by Joint Apprenticeship Committee.

Application Process:

Contact JATC for application acceptance dates.

Iron Workers

Iron workers erect, assemble, or install fabricated structural metal products, usually large metal beams. These beams are used in the erection of industrial, commercial or large residential buildings. Workers also erect the steel framework on bridges, storage tanks, overhead crane runways; as well as pre-cast concrete and ornamental iron work amongst other projects.

Iron Workers Local 7 JAC

Length of Apprenticeship:

- Three (3) years.
- Apprentices must attend 800 classroom hours of training.
- Apprentices must complete 4,000 on-the-job hours to graduate from the program.

Wages:

- 1st year: 60-65% of Journeyperson's Wages.
- 2nd year: 70-75% of Journeyperson's Wages.
- 3rd year: 80-90% of Journeyperson's Wages.

Basic Requirements:

- Must be 18 years of age or older.
- Must have a high school diploma or G.E.D. certificate.
- 10th grade transcripts.
- Proof of citizenship or legal alien status.

Application Process:

Applications accepted first two weeks of January.
Applicants are accepted in May.

School Calendar:

September thru May – Students attend classes 3 nights each month and 3 weeks per school year.

Laborers

Laborers must have a working knowledge of all work performed by other building trades because they are tenders and helpers of many other crafts. Tasks include but are not limited to: road, highway, bridge, and tunnel building and repair, site preparation and cleanup, laying underground pipe and placing cement. Additionally, they often operate small power tools and work in demolition. Most of the skills training for laborer apprentices is conducted at the New England Laborer's Training Trust Fund Training Academy in Hopkinton, MA.

New England Laborers Apprenticeship Program

Length of Apprenticeship:

- Two (2) years.
- Apprentices must attend 300+ classroom hours of training.
- Apprentices must complete 4,000 on-the-job hours to graduate from the program.

Wages:

- 1000 hrs: 60% of Journeyperson's Wages.
- 2000 hrs: 70% of Journeyperson's Wages.
- 3000 hrs: 80% of Journeyperson's Wages.
- 4000 hrs: 90% of Journeyperson's Wages.

Basic Requirements:

- Must be at least 18 years old & physically able to perform the work of the trade.
- Must submit to drug testing prior to being accepted into the program.
- Must have a high school diploma or GED equivalent.
- All applicants must have a valid driver's license.
- All applicants must have reliable transportation.

Application Process:

Applications are accepted quarterly. Check with New England Laborers' Construction Craft Apprenticeship on specific dates.

Millwrights

Millwrights install conveyors systems, escalators, giant electrical turbines and generators. They perform maintenance on machinery in factories, and do much of the precision work in nuclear power plants. Millwrights study and interpret blue prints, and engage in drilling, welding, and bolting. They work primarily in metal and with machinery and equipment requiring precision. Millwrights are members of the United Brotherhood of Carpenters and Joiners of America.

Millwrights Local 1121 JATC

Length of Apprenticeship:

- Four (4) years.
- Apprentices must attend 640 classroom hours of training.
- Apprentices must complete 4,560 on-the-job hours to graduate from the program.

Wages:

- 1st year: 55% of Journeyperson's Wages.

- 2nd year: 65% of Journeyperson's Wages.
- 3rd year: 75% of Journeyperson's Wages.
- 4th year: 85% of Journeyperson's Wages.

Basic Requirements:

- Must be 18 years of age or older.
- Must have a high school diploma or G.E.D. certificate.
- Must have a valid driver's license.

Application Process:

To attend training, you must arrive in person at the Training Center located at 90 Braintree Street, Allston, Massachusetts 02134 at 10:00 a.m. on the second or third Wednesday of each month to complete an application. At the end of January and June, the Trustees interview the applicants who will be attending the new class that begins in February or July.

- 4th year: 90% of Journeyperson's Wages.

Basic Requirements:

- Must be 18 years of age or older.
- Must have a high school diploma or G.E.D. certificate.
- Pass a Mandatory Drug Test and Physical.
- Valid Drivers License.
- Must have residency within the jurisdiction of Local 98
- Must bring the following documentation with you at time of application:
 - Employment history with contact information (current & previous 2)
 - Personal references
 - Proof of employment eligibility
 - Drivers License
 - High School diploma, GED scores or High School Transcript

Application Process:

Contact JATC for application acceptance dates. Unfortunately, we are not permitted to mail out applications to be filled out; it must be done in person, at our office.

Once all of the applications are in, we will then schedule a testing session for each of the applicants. The test is a standardized test consisting of Reading Comprehension, Mathematics, and Skills Aptitude sections. This is a general knowledge assessment test.

After the testing phase of the process is completed, we will ask the applicants to come back one more time to interview with the trustees. This is your chance to really tell them why you should be chosen for this program.

The entire process takes about 2 months and the economy does influence how many individuals we can take in at each program opening.

Painters and Allied Trades

Painters and Allied Trades work in one or more of several crafts:

Coating Application Specialist (aka Industrial Painter):

Industrial Coating and Lining Application Specialists apply/install protective coatings and linings to steel and concrete on complex structures, such as bridges and towers, ships and waterfront structures; manufacturing and processing facilities; and conventional and nuclear power generation facilities.

Drywall Finisher:

Once the drywall has been securely installed, Tapers fill the joints between panels with a joint compound. The process for finishing drywall has evolved over many decades and is an overlapping process in which each step or application has an effect on the next step.

Glazier:

An Architectural Glass and Metal technician, called a Glazier, is responsible for preparing, installing and removing various kinds of glass, mirrors, and metal framing.

Painter-Decorator:

Painters and Decorators apply decorative and protective finishes in residential, commercial, institutional and industrial settings.

Painters and Allied Trades District Council #35 Finishing Trades Institute of New England

Pipe Trades - Plumbers, Pipefitters and Sprinklerfitters

Although the pipe trades are sometimes considered a single trade, workers generally specialize in one of three trades. Plumbers repair, install, or alter the water, waste disposal, drainage, and gas systems in

homes and commercial and industrial buildings. They install plumbing fixtures – bathtubs, toilets, sinks, showers – and appliances such as dishwashers and water heaters.

Pipefitters repair and install both high and low-pressure pipe systems that are used in manufacturing, in the generation of electricity, and in heating and cooling buildings. They also install automatic controls that are used to regulate these systems. Steamfitters install pipe systems that move liquids or gases under high pressure and provide refrigeration installation and service. Sprinklerfitters install and service fire protection systems including fire standpipes, sprinklerheads and fire pumps.

Plumbers and Pipefitters Local 4 JATC (Central MA)

Road Sprinklerfitters Local 669 (United States)

Road Sprinkler Fitters Local Union 669 is a nationwide local union. This gives the members of Local 669 the flexibility to work in almost any part of the United States they would like to seek employment. The principle function of a Sprinkler Fitter is the installation of Fire Protection systems.

Length of Apprenticeship:

The Apprenticeship Program is a five-year program with on the job training and a 19 Course correspondence through a nationally recognized university. Once you have entered the Apprenticeship Program and have completed a six-month probationary period you will be become a member of Local 669.

Wages:

An Apprentice is paid at a percentage of the Journeyman wage. Each six months of the Apprenticeship the apprentice records are reviewed to make sure that there is satisfactory progress both on the-job and

in the related training courses. Satisfactory progress means advancement to the next classification and a wage increase until the Apprentice completes the five-year program.

The wage rate of apprentices is determined by the "Class" of the apprentice. The Apprentice will receive the appropriate percentage of the Journeyman wage rate in the state where he/she is working. The Sprinkler Fitter wage rate is negotiated state by state, based on the economic conditions of the state.

Basic requirements:

- Must be at least 18 years old.
- Must have a high school diploma or GED.
- Must be physically fit to do the work of the trade.
- Must have other than dishonorable discharge from the military (if applicable). Must pass appropriate drug test.

Application Process:

Please contact JATC for application acceptance dates.

Teamsters

The Teamsters union has several divisions, including a Building Material and Construction Trades Division. Members in this division are truck drivers who transport and haul material, merchandise, equipment or personnel between various locations—including construction sites, manufacturing plants, freight depots, warehouses, and wholesale and retail facilities. They may also load and unload, make mechanical repairs and keep trucks in good working order.

Teamsters Local 25

Teamsters Local 25 established a state Registered Apprentice Program in March 2016. For more details, contact Local 25.
