2. THE PROJECT

- 2.1 Total Project Budget. The Parties hereby agree that the Total Project Budget shall be as set forth in Exhibit A as attached hereto. In the event that the Authority approves a Total Facilities Grant for the Proposed Project, the Total Facilities Grant would be based on the Total Project Budget set forth in Exhibit A as of the

Effective Date and contingent upon the District maintaining this Total Project Budget. The Total Project Budget shall not be altered, modified, or changed without the prior written approval of the Authority. Any increases to the Total Project Budget as set forth in Exhibit A as of the Effective Date, shall not result in any changes to the amount of the Total Facilities Grant set forth in Section 3 of this Project Scope and Budget Agreement. The District hereby acknowledges and agrees that all costs related to the Proposed Project, including without limitation all site costs, shall be subject to review and audit by the Authority, and the Authority shall determine, in its sole discretion, whether such costs are eligible for reimbursement pursuant to the Authority's regulations and policies.

2.1.1 Construction Bids. The Parties hereby acknowledge and agree that, in the event that the lowest, responsible bid or the Guaranteed Maximum Price accepted by the District for the construction of the Proposed Project is lower than the corresponding amount set forth in Exhibit A, the Authority shall reduce the Estimated Maximum Total Facilities Grant and the Maximum Total Facilities Grant amount set forth in Section 3.1 of this Agreement and in Exhibit A accordingly. The Parties hereby further acknowledge and agree that, in the event that the lowest, responsible bid or Guaranteed Maximum Price accepted by the District for the construction of the Proposed Project exceeds the corresponding amount set forth in Exhibit A, the Authority shall not make any adjustments to its Estimated Maximum Total Facilities Grant or Maximum Total Facilities Grant on account of the bid, and the increased costs shall be the sole responsibility of the District. The Parties hereby further acknowledge and agree that, in the event that the lowest, responsible bid or Guaranteed Maximum Price accepted by the District for construction of the Project exceeds the corresponding amount set forth in Exhibit A, the District may use a reasonable amount of the owner's and/or construction contingency to fund the cost of any such budget overrun, provided, however, that the expenditures of owner's and/or construction contingency funds for the purpose of funding such budget overruns shall not be eligible for reimbursement by the Authority and shall be the sole responsibility of the District.

2.2 Project Scope. The Parties hereby agree that the Project Scope shall be as set forth in Exhibit B, which is attached hereto. Any Total Facilities Grant approved by the Authority for the Project shall be contingent upon the District maintaining the Project Scope set forth in Exhibit B, and the Authority may revoke, suspend, withhold, and/or recoup any Total Facilities Grant payments if the Authority determines that the Scope has not been adhered to. The Project Scope shall not be altered, modified, enlarged, or reduced without the written mutual agreement of the Parties. The District hereby acknowledges and agrees that all of the items appearing in the Project Scope set forth in Exhibit B shall be subject to review and audit by the Authority, and the Authority shall determine, in its sole

discretion, whether the cost of such Project Scope items are eligible for reimbursement pursuant to the Authority's regulations and policies.

- 2.3 Project Schedule. The Parties hereby agree that the projected Project Schedule for the Proposed Project shall be as set forth in Exhibit C as attached hereto, as may be updated from time to time. The District shall provide an updated Project Schedule to the Authority at least once every calendar month and more frequently if requested by the Authority. When submitting a revised or updated Project Schedule to the Authority, the District shall also submit a detailed explanation for any changes in the Project Schedule from the previous Project Schedule submitted to the Authority.
- 2.4 Project Cash Flow. The Parties hereby agree that the projected Project Cash Flow for the Proposed Project shall be as set forth in Exhibit D as attached hereto, as may be updated from time to time. The District shall provide an updated Project Cash Flow to the Authority at least once every calendar month and more frequently if requested by the Authority. When submitting a revised or updated Project Cash Flow to the Authority, the District shall also submit a detailed explanation for any changes in the Project Cash Flow from the previous Project Cash Flow submitted to the Authority.
- 2.5 Project Site. The Parties hereby agree that the site of the Proposed Project shall be as described in Exhibit E attached hereto. The site of the Proposed Project shall not be altered, modified, enlarged or reduced without the prior written approval of the Authority.
- 2.6 Furnishings and Equipment. The Parties hereby agree that a listing of all furniture, fixtures and equipment that will be purchased, leased, acquired, or received by the District in connection with the Proposed Project is set forth on Exhibit F attached hereto, which shall be updated from time to time. Costs associated with the furnishings and equipment listed on Exhibit F may not be eligible for reimbursement by the Authority. All such costs shall be subject to review and audit by the Authority, and the Authority shall determine, in its sole discretion, whether such costs are eligible for reimbursement pursuant to the Authority's regulations and policies. All costs associated with furniture, fixtures and equipment that are not specifically delineated in Exhibit F shall not be eligible for reimbursement by the Authority unless mutually agreed to in writing by the Parties.

3. TOTAL FACILITIES GRANT

3.1 The Parties hereby agreed that, subject to the execution of a Project Funding Agreement for the Proposed Project and subject to the satisfaction of or compliance with, as reasonably determined by the Authority, (a) all of the terms and conditions of this Project Scope and Budget Agreement, (b) the applicable provisions of Chapter 70B, Chapters 208 and 210 of the Acts of 2004, and 963 CMR 2.00 *et seq.*, and (c) any other rule, regulation,

District Name: Town of Westwood
School Name: Paul R. Hanlon Elementary School
Project ID Number: 201703350015

policy, guideline, approval, or directive of the Authority, the Authority hereby approves the following Estimated Maximum Total Facilities Grant for the Project: an amount that, except as specifically provided in this Section 3.1, shall not exceed the lesser of (i) 39.35% of the final approved, total eligible Project costs, as determined by the Authority, ("Reimbursement Rate") or (ii) an estimated Total Facilities Grant of \$17,683,327.00 ("Estimated Maximum Total Facilities Grant"). Notwithstanding the foregoing, the Authority may determine, in its sole discretion, and subject to the limitations set forth in Section 2.1 of this Agreement, that expenditures from the owner's contingency and construction contingency line items of the Total Project Budget, so-called, are eligible for reimbursement, and in the event of any such determination, the Authority may adjust the above-stated Estimated Maximum Total Facilities Grant amount to account for the eligible, approved owner's contingency and construction contingency expenditures up to a final, maximum Total Facilities Grant of \$18,235,725.00 ("Maximum Total Facilities Grant"). In no event shall the Maximum Total Facilities Grant, including any eligible owner's and construction contingency amounts, exceed \$18,235,725.00. The Parties hereby acknowledge and agree that the Estimated Maximum Total Facilities Grant and the Maximum Total Facilities Grant amounts set forth in this Section 3.1 and Exhibit A, are maximum amounts of funding that the District may receive from the Authority for the Project, and that the final amount of the Total Facilities Grant may equal an amount less than either the Estimated Maximum Total Facilities Grant or the Maximum Total Facilities Grant set forth herein, as determined by an audit conducted by the Authority. Any costs and expenditures that are determined by the Authority to be either in excess of the Total Facilities Grant or otherwise ineligible for payment by the Authority shall be the sole responsibility of the District. The Reimbursement Rate set forth above, and as more fully described in the reimbursement rate summary, attached hereto as Exhibit H, includes a total of 3.93 incentive reimbursement points which includes 1.93 points for Maintenance, and 2.00 points for Energy Efficiency/Green Schools pursuant to G.L. c. 70B, § 10(a)(C). The incentive reimbursement points have been provisionally assigned and are subject to a final determination by the Authority as to the District's eligibility to receive such incentive reimbursement points. The Reimbursement Rate, Estimated Maximum Total Facilities Grant, and Maximum Total Facilities Grant set forth above and in Exhibit A shall be subject to a decrease, as provided in Section 3.2 of this Agreement, if the Authority determines, in its sole discretion, that the District is ineligible to receive any portion of the incentive reimbursement points that have been provisionally assigned, as described herein, or such other incentive reimbursement points that may be assigned by the Authority.

3.2 The Reimbursement Rate for the Proposed Project is calculated as set forth in the reimbursement rate summary, attached hereto as Exhibit H, and shall be subject to the provisions of M.G.L. c. 70B, 963 CMR 2.00 *et seq.*, and the policies and guidelines of the Authority. Any incentive reimbursement points that may be included in the calculation of the Reimbursement Rate, as it may be amended from time to time by the written agreement of the Authority, must be earned, as determined by the Authority in its sole discretion, and shall be subject to audit by the Authority. If the Authority determines, in its sole discretion, that the District is ineligible to receive any portion of the incentive reimbursement points that may be included in the calculation of the Reimbursement Rate, as it may be amended from time to time by the written agreement of the Authority, the Authority may, in its sole discretion, decrease the Reimbursement Rate, the Estimated Maximum Total Facilities Grant and the Maximum Total Facilities Grant accordingly.

District Name: Town of Westwood
School Name: Paul R. Hanlon Elementary School
Project ID Number: 201703350015

Any such decrease in the Reimbursement Rate, and the corresponding decreases in the Estimated Maximum Total Facilities Grant and the Maximum Total Facilities Grant, shall be applied retroactively to all payments made to the District by the Authority under the terms of the Project Funding Agreement between the Parties, if any, and to all requests for reimbursement of eligible Project costs made by the District to the Authority under the terms of said Project Funding Agreement, if any. If the Authority determines that, as a result of a decrease in the Reimbursement Rate, or a corresponding decrease in the Estimated Maximum Total Facilities Grant and the Maximum Total Facilities Grant, it has made overpayments to the District, the Authority may recover the amount of such overpayments from the District by whatever remedies are available to it under a Project Funding Agreement, if any, or under applicable law, including, but not limited to, set off against any future payments owed to the District for reimbursement of eligible Project costs, as determined by the Authority. Upon written demand by the Authority, the District shall promptly return to the Authority the amount of any such overpayments unless otherwise agreed to in writing by the Authority.

3.3 The Basis of both the Estimated Maximum Total Facilities Grant and the Maximum Total Facilities Grant set forth in Exhibit A to this Agreement includes all budgeted costs for the Feasibility Study authorized by the Authority for the Project ("Feasibility Study Budget") and supersedes and replaces any other Feasibility Study budget that may have been authorized by the Authority and set forth in any Feasibility Study Agreement between the Authority and the District. The Feasibility Study Budget included in this Agreement does not take into account any payments that may already have been made to the District by the Authority for the costs of any Feasibility Study under any Feasibility Study Agreement between the Authority and the District. The Estimated Maximum Total Facilities Grant and Maximum Total Facilities Grant set forth in Section 3.1 of this Agreement is calculated by applying the Reimbursement Rate set forth in Exhibit H of this Agreement to the Basis of Total Facilities Grant, which includes the Feasibility Study Budget for the Project. Notwithstanding the provisions of any Feasibility Study Agreement between the Authority and the District, the approved, eligible costs of a Feasibility Study authorized by the Authority for the Project will be reimbursed, retroactively and prospectively, based upon the Reimbursement Rate set forth in Section 3.1 and Exhibit H to this Agreement. The Authority shall deduct from the Total Facilities Grant set forth in this Agreement the amount of any payments already made to the District by the Authority for the costs of a Feasibility Study pursuant to the provisions of any Feasibility Study Agreement. Nothing stated in this section of this Agreement shall impair the right of the Authority to make adjustments to the Reimbursement Rate and the Total Facilities Grant or to audit and determine ineligible costs as provided elsewhere in this Agreement and in the Authority's statutes, regulations, policies, guidelines and standards.

4. COVENANTS

The Parties covenant and agree that as long as this Agreement is in effect, the Parties shall and shall cause its employees, agents, and representatives to perform and comply with all covenants of this Project Scope and Budget Agreement.

- (d.) The District hereby acknowledges and agrees that the Authority shall not provide any amounts in excess of the amount determined under Section 3.1 of this Agreement and the final Total Facilities Grant may be an amount less than the amount stated in Section 3.1.
- (e.) The District hereby acknowledges and agrees that the District's Educational Program for the Paul R. Hanlon Elementary School is subject to further review by the Commissioner of Education, pursuant to M.G.L. c. 70B.
- (f.) The District hereby acknowledges and agrees that all costs related to the Proposed Project, including the costs identified in the Total Project Budget set forth in Exhibit A and costs of the items appearing in the Project Scope set forth in Exhibit B, shall be subject to review and audit by the Authority, and the Authority shall determine, in its sole discretion, whether such costs are

eligible for reimbursement pursuant to the Authority's regulations and policies.

- (g.) The District hereby acknowledges and agrees that it shall not submit any false or intentionally misleading information or documentation to the Authority in connection with this Project Scope and Budget Agreement, and further acknowledges and agrees that the submission of any such information or documentation may cause the Authority to revoke any and all payments otherwise due to the District and/or recover any previous payments made to the District, and the District may be ineligible for any funding from the Authority. The District hereby further agrees that it shall have a continuing obligation to update and notify the Authority in writing when it knows or has any reason to know that any information or documentation submitted to the Authority contains false, misleading or incorrect information.
- (h.) The District hereby acknowledges and agrees that, in the event that it receives, has received, or is eligible to receive any insurance proceeds, damages, awards, payments, rebates, grants, or donations from any third party or funding sources, other than the Authority, for or in connection with the Project, all such amounts shall be disclosed to the Authority in writing and shall be deducted from the total amount of eligible project costs (also known as Basis of Total Facilities Grant), as determined by the Authority, and the remaining amount of eligible costs shall be apportioned according to the District's reimbursement rate to calculate the maximum Total Facilities Grant.

8. INSURANCE

8.1 Insurance. The District shall obtain and maintain all insurance required by law and such other insurance in such types and in such amounts as the Authority may require from time to time.

- 8.1.1 During the course of the Project, the District shall purchase and maintain, or shall cause the Contractor or Construction Manager to purchase and maintain, at their own expense, coverage against loss or damage to the Project in an amount equivalent to the Total Project Budget at the sole expense of the District, Contractor or Construction Manager, as the case may be. Such coverage shall be written on an "all risks" basis or equivalent form and shall include, without limitation, insurance against the perils of fire (with extended coverage) and theft, vandalism, malicious mischief, terrorism, collapse, earthquake, flood (if the Project is not in an "A" or "V" flood zone), windstorm, falsework, testing and startup, and debris removal including demolition occasioned by enforcement of any applicable legal requirements. The limits for earthquake and flood shall be the lesser of the Total Project Budget or \$10,000,000. The policy shall include transportation and coverage for delivered and/or stored materials designated to be incorporated into the Project. The policy shall include the Authority as a loss payee as its interests may appear. Coverage shall be maintained until final acceptance of the Project by the District and final payment has been made. The District (or Contractor or Construction Manager, if coverage is purchased by Contractor or Construction Manager) is responsible for the payment of any and all deductibles, self-insured retentions or any portion thereof under the policy.
- 8.1.2 Following completion of the Project, the District shall, at its sole expense, purchase and maintain coverage against loss or damage to the Assisted Facility in an amount equivalent to the estimated full replacement cost of the Assisted Facility. Such coverage shall be written on an "all risks" basis or equivalent form and shall include, without limitation, insurance against the perils of fire (with extended coverage) and theft, vandalism, malicious mischief, terrorism, collapse, earthquake, flood (if the Project is not in an "A" or "V" flood zone), windstorm, falsework, mechanical and electrical breakdown, and boiler and machinery accidents, and debris removal including demolition occasioned by enforcement of any applicable legal requirements. The limits for earthquake and flood shall be the lesser of the estimated full replacement cost of the Assisted Facility or \$10,000,000. The policy shall include the Authority as a loss payee as its interests may appear. The District is responsible for the payment of any and all deductibles, self-insured retentions or any portion thereof under the policy.
- 8.1.3 The District shall include the Authority as an additional insured in any commercial general liability policy held by the District for liability arising out of the Project.
- 8.1.4 The Authority shall not be responsible for the payment of deductibles, self-insured retentions, or any portion thereof.
- 8.1.5 Upon request by the Authority, the District shall obtain and provide to the Authority originals of certificates of insurance evidencing the insurance coverage required by this section of this Project Scope and budget Agreement.

8.2 The District shall require by contractual obligation, and shall also ensure by the exercise of due diligence, that each of any Owner's Project Manager, Designer, Contractor or Construction Manager at Risk, or Vendor hired by the District in connection with the Project obtain and maintain all insurance coverage required by law and such other insurance coverage in such types and amounts as the Authority may require from time to time, including the insurance coverage required by this Project Scope and Budget Agreement, a Project Funding Agreement and by any standard contracts that are prescribed by the Authority and executed by the District, including, but not limited to, the Authority's standard contract for Owner's Project Manager services and standard contract for Designer services. The insurance required by this Section shall be provided at the sole expense of the Owner's Project Manager, Designer, Contractor or Construction Manager, and Vendors, as the case may be, and shall be in full force and effect for the full term of any contract between the District and said Owner's Project Manager, Designer, Contractor or Construction Manager at Risk, and Vendors or for such longer period as the Authority may require, including any such longer period that may be required by this Project Scope and Budget Agreement, a Project Funding Agreement or the standard contracts prescribed by the Authority and executed by the District.

8.3 The District shall include in the contract between the Owner and the Contractor or Construction Manager at Risk, as the case may be, the standard language contained in Exhibit G regarding minimum insurance requirements for Contractors or Construction Managers at Risk. The District may impose additional insurance requirements for either construction delivery method provided that any such additional requirements shall not be inconsistent with the requirements imposed by the standard language set forth herein and further provided that the District shall give the Authority a written notice that clearly describes any such additional requirements. It shall be the sole responsibility of the District to determine whether additional insurance requirements are desirable or necessary and should be included in the contract between the Owner and the Contractor or Construction Manager at Risk.

8.4 The District shall obtain originals of certificates of insurance evidencing the insurance coverage that may be required by the Authority from time to time, including the insurance coverage required by this Project Scope and Budget Agreement, a Project Funding Agreement, any standard contracts that are prescribed by the Authority and executed by the District, including, but not limited to, the Authority's standard contract for Owner's Project Manager services and standard contract for Designer services, and any other contract between the District and the Owner's Project Manager, Designer, Contractor or Construction Manager, or Vendors, simultaneously with the execution of said contracts or, in the event that said contracts have been executed prior to the date of this Project Scope and Budget Agreement, as soon as possible thereafter. Upon request of the Authority, the District shall submit such certificates of insurance to the Authority, showing each type of insurance, insurance company, policy number, amount of insurance, deductibles/self-insured retentions, and policy effective and expiration dates. The District shall require each of the Owner's Project Manager, Designer, Contractor or Construction Manager, and Vendors to submit updated insurance certificates to the District prior to the expiration of any of the insurance policies or coverage referenced in this Section so that the District shall at all times possess certificates indicating current coverage.

8.5 The failure of the District to ensure that each of the Owner's Project Manager, Designer, Contractor or Construction Manager, and Vendors obtain and maintain the insurance required by the Authority, this Project Scope and Budget Agreement, the Project Funding Agreement, any standard contract prescribed by the Authority and executed by the District or any other contract between the District and the Owner's Project Manager, Designer, Contractor or Construction Manager, or Vendors, or to provide the insurance certificates required by this Project Scope and Budget Agreement shall constitute a material breach of this Project Scope and Budget Agreement and shall be just cause for termination of this Project Scope and Budget Agreement.

8.6 The District shall, and shall require, as the case may be, its insurers and each of the Owner's Project Manager, Designer, Contractor or Construction Manager, Vendors and their insurers to, give written notice to the Authority at least thirty days prior to the effective date of any termination, cancellation, or material modification of any insurance required by this Project Scope and Budget Agreement, a Project Funding Agreement, any standard contracts that are prescribed by the Authority and executed by the District, including, but not limited to, the Authority's standard contract for Owner's Project Manager services and standard contract for Designer services, and any other contract between the District and the Owner's Project Manager, Designer, Contractor or Construction Manager, or Vendors.

8.7 With respect to all policies of insurance required of the Owner's Project Manager, Designer, Contractor or Construction Manager, and Vendors by this Project Scope and Budget Agreement, any standard contracts that are prescribed by the Authority and executed by the District, including, but not limited to, the Authority's standard contract for Owner's Project Manager and standard design contract, and any other contract between the District and the Owner's Project Manager, Designer, Contractor or Construction Manager, and Vendors, the District shall ensure that neither the District nor the Authority shall be responsible for the payment of deductibles, self-insured retentions or any portion thereof.

8.8 Insufficient insurance shall not release the Owner's Project Manager, Designer, Contractor or Construction Manager, or Vendors from any liability for breach of their obligations under an agreement between the District and any of them.

8.9 All insurance policies required by this Project Scope and Budget Agreement, a Project Funding Agreement, any standard contract prescribed by the Authority and executed by the District and any other contract between the District and the Owner's Project Manager, Designer, Contractor or Construction Manager, or Vendors shall be issued by companies lawfully authorized to write that type of insurance under the laws of the Commonwealth of Massachusetts with a financial strength rating of "A-" or better as assigned by A.M. Best Company, or an equivalent rating assigned by a similar rating agency acceptable to the District and the Authority.

8.10 The District shall take all reasonable steps designed to ensure that the Owner's Project Manager, Contractor or Construction Manager, Designer, and Vendors each agree that they and their Subcontractors shall do no act, nor suffer any act to be done, which will vacate, void or impair the coverage of any insurance policies required under this Project Scope and Budget Agreement, a Project Funding Agreement, any standard contract prescribed by the Authority and executed by the District or any other contract between the

District and the Owner's Project Manager, Designer, Contractor or Construction Manager, or Vendors.

8.11 The District shall, upon request by the Authority, produce copies of all policies of insurance maintained by the District, its Contractor or Construction Manager, Owner's Project Manager, Designer and Vendors related to the Project, to the Authority.

9. OWNERSHIP OF DOCUMENTS

9.1 The District acknowledges and agrees that, unless otherwise provided by law or by the provisions of Section 9.2 of this Agreement, all information, data, reports, studies, designs, drawings, plans, sketches, specifications, materials, computer programs, documents, models, inventions, equipment, and any other documentation, product or tangible materials to the extent authored or prepared, in whole or in part, by the Designer for this Project (collectively, the "Materials"), other than the Designer's administrative communications, records, and files relating to this Project, shall be the property of, and shall vest in, both the District and the Authority, severally and not jointly, as "works made for hire" or otherwise, provided that the District complies with its payment obligations under its Contract with the Designer for the Project. Except as otherwise provided in Section 9.2, both the District and the Authority, severally and not jointly, will own the exclusive rights, worldwide and royalty-free, to and in all Materials prepared and produced by the Designer pursuant to its Contract with the District for the Project, including, but not limited to, United States and International patents, copyrights, trade secrets, know-how and any other intellectual property rights, and both the District and the Authority, severally and not jointly, shall have the exclusive, unlimited and unrestricted right, worldwide and royalty-free, to publish, reproduce, distribute, transmit and publicly display all Materials prepared by the Designer, which shall include, but not be limited to, the Authority's exercise of the aforesaid right in furtherance of the Programs described in Section 9.2. The District further acknowledges and agrees that the Designer shall have a non-exclusive license to publish and publicly display all Materials prepared by the Designer in its normal marketing and related professional and academic activities and that the Designer shall have a non-exclusive license to use the typical or standard details and all other replicable elements of the Materials for this Project on other future projects. At the completion or termination of the Designer's services required pursuant to the Contract between the District and the Designer for the Project, the District shall ensure that the Designer promptly turns over to the Authority copies of all original Materials but only to the extent that such Materials have not already been provided to the Authority.

9.2 Notwithstanding any other language to the contrary in this Agreement or in any Contract between the District and the Designer for the Project, the District acknowledges and agrees that the Designer shall have a non-exclusive license to publish, reproduce, distribute, transmit, and publicly display all Materials prepared by the Designer for the purpose of participating in the Authority's so-called Model School Program, as it may be amended from time to time, or any other program implemented by the Authority to develop, acquire, modify, use, re-use, and reproduce prototypical designs and model school designs, and details and elements thereof (collectively "Programs"), including, but not

limited to, submitting proposals and applications to the Authority and public school districts in the Commonwealth of Massachusetts for the qualification and selection of the Designer and the School design, or elements and details thereof, in such Programs and using, modifying, and reproducing the Materials for the purpose of designing, constructing, reconstructing, renovating and repairing public school facilities pursuant to such Programs, as approved by the Authority. The District further agrees to provide the Designer, the Authority, and representatives of other public school districts with reasonable cooperation and reasonable access to the completed School facility at mutually agreeable times for purposes of said Programs.

39.35% MSBA Reimbursement Rate

NOTES

This document was prepared by the MSBA based on a preliminary review of information and estimates provided by the Town of Westwood for the Hanlon Elementary School project. Based on this preliminary review, certain budget, cost and scope items have been determined to be ineligible for reimbursement, however, this document does not contain a final, exhaustive list of all budget, cost and scope items which may be ineligible for reimbursement by the MSBA. Nor is it intended to be a final determination of which budget, cost and scope items may be eligible for reimbursement by the MSBA. All project budget, cost and scope items shall be subject to review and audit by the Authority, and the Authority shall determine, in its sole discretion whether any such budget, cost and scope items are eligible for reimbursement. The MSBA may determine that certain additional budget, cost and scope items are ineligible for reimbursement.

1 - The Estimated Basis of Total Facilities Grant and Estimated Maximum Facilities Grant amounts do not include any potentially eligible contingency funds and are subject to review and audit by the MSBA.

2 - Pursuant to Section 3.21 of the Project Funding Agreement and the applicable policies and guidelines of the Authority, any project costs associated with the reallocation or transfer of funds from either the Owner's contingency or the Construction contingency to other budget line items shall be subject to review by the Authority to determine whether any such costs are eligible for reimbursement by the Authority. All costs are subject to review and audit by the MSBA.

3 - The MSBA has provisionally included two (2) incentive points for energy efficiency, subject to the District meeting certain sustainability requirements for the project. If the District does not meet the requirements for the energy efficiency, the District will not qualify for these incentive points and the MSBA will adjust the reimbursement rate accordingly.

4 - Cost associated with the commissioning of ineligible square footage will result in the recovery of a portion of the overall commissioning cost. The MSBA has calculated this recovery of funds to be \$14,336. A total of \$14,336 has been deducted from the Estimated Maximum Total Facilities Grant and the Maximum Total Facilities Grant.

Proposed Schedule of Alternates

Town of Westwood
Paul Hanlon Elementary School

4/7/2021

Description of Item	Ineligible Work & Alternates to be included in District's Total Project Budget	Alternates Excluded From the Total Project Budget that are to be funded through Bid Savings	District Rationale	Eligibility for Reimbursement
UVC System		\$205,760	The system is a Germicidal Ultra Violet Light in the HVAC AHU units. The system will kill airborne germs and viruses passing through the air handler unit. The district would like to include the system should the bid is favorable for added safety for the occupants.	Before any alternates are to be considered, the proposed project exceeds MSBA's cost per square foot allowance. Therefore, if accepted at bid, this work considered ineligible for reimbursement and will be 100% borne by the District.
Additional Trees and Shrubs		\$224,000	This is cost for additional planting which would enhance the site. If the bid is favorable, the additional planting would be included from the start. If not, the district can choose to add the planting into the project at the end of the project should there be contingency money left. It is also possible to fund raise the cost to cover the planting after the project if there is no money left in the contingency at the end of the project.	Before any alternates are to be considered, the proposed project exceeds MSBA's site cost allowance. Therefore, if accepted at bid, this work considered ineligible for reimbursement and will be 100% borne by the District.
