Friends of the Westwood Performing Arts Sponsor A Show!

I don't know if I've been changed for the better, but because I knew you, I have been changed for good!
~Wicked

The FWPA is making an exciting change! In a new initiative that replaces the program book we've used to raise funds in the past, we're introducing the "Sponsor A Show" campaign. Let us put your name in lights!

The FWPA is an all-volunteer, non-profit community group dedicated to supporting and promoting performing arts in the Westwood Public Schools. This support includes awarding scholarships to WHS graduating seniors, providing access to cultural events, supplying refreshments for performers and audiences, and paying for enrichment programs, promotional signage, equipment and supplies.

Each year the FWPA raises funds through membership dues, donations, prize raffles, and sponsorship initiatives. We hope that you will consider sponsoring a performance(s) during the 2017-2018 school year. If you complete a sponsorship, your company logo will be prominently displayed at FWPA-supported music and theater performances during the school year, appear on our social media pages, and on program inserts at these events.

SUBMITTING YOUR SPONSORSHIP

Complete this form and submit together with a copy of your logo either by email to FWPAMembership@gmail.com or by mail to the address below. Logo or picture files sent by email should be in .tiff or .jpg format for better quality. Payment can be made by check, payable to "Friends of Westwood Performing Arts," or electronically via Paypal at our website at www.westwoodperformingarts.org. Please email with any specific questions.

Thank you for supporting Westwood's young performers!

Bolts Soccer

WINTER JUNIOR ACADEMY

East Region: Locations in
Braintree & Weymouth

For boys & girls age 5 to 10

Our curriculum emphasizes technique training intended to strengthen dribbling, passing, ball mastery and creativity. Team play and spirit are fostered through group exercises. We also introduce the concept of "possession of the ball for a purpose," helping young players learn that soccer is much more enjoyable (and effective) when their team keeps the ball and works toward scoring and defending.

Session	Dates	Time	Cost
Session I Lovell & Legion Field	Wednesdays: Nov 8th to Dec 13 th	6PM- 7:15PM	\$200
Session II	Wednesdays: Jan 10 th to Feb 14 th	6PM to 7:15PM	\$200
Session I & II			\$350

Westwood is updating its Open Space and Recreation Plan (OSRP)! We would like your input in this survey to make sure we have the best possible understanding of how you and your fellow citizens feel about open space and recreation facilities in Westwood.

[Westwood Open Space and Recreation Survey](#)

Available from November 13, 2017 through December 1, 2017.

Completing an OSRP that gains approval from the Massachusetts Division of Conservation Services (DCS) serves two primary purposes: (1) It provides a document to guide future Town decisions pertaining to open space and recreation and (2) It makes the Town eligible for grants that can be used to purchase open space and develop recreation facilities.

Public participation is a key aspect of writing the plan, so your input is very important. The following survey will help us develop a better understanding of what residents love about Westwood's open spaces and recreation areas, what could be better, and what elements are missing.

This survey can be filled out online at <https://www.surveymonkey.com/r/C66PHPM>.

Paper copies of the survey are also available at the Town Hall, Main Library, Islington Branch Library, Senior Center, and Recreation Department.

Also, please mark your calendars for an Open Space & Recreation Visioning Session to be held on January 18, 2018 beginning at 7:00 pm. Location to be determined.

Talking About Diagnostic "Labels" and Understanding at Home

Knowing when and how to introduce to your child his/her diagnosis, is not clear cut "science." It's a matter of developmental readiness and need. Together we will talk about possible developmental signs a child is ready to discuss diagnosis; how to discuss their diagnosis; what to share around their diagnosis; and how to determine this for your own family/loved one.

GLOBAL FLIGHT ADVENTURES

Program Name

Global Flight Adventures - A glimpse into the world of aviation

Program description

We offer a suit of engaging, entertaining and educational programs.

These programs will allow teenagers in ages 12-16 to glimpse into the world of aviation, learning the basics of flight, navigation, small and large aircraft (and even mathematics and physics with lots of fun).

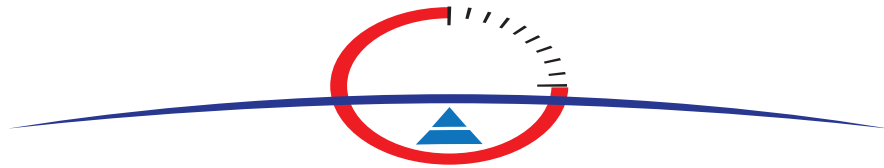

Along with classroom time learning about flight and aviation, students will get to spend time in our state-of-the-art Boeing 737 simulator, modeling one of the most popular aircraft ever made in painstaking detail. They will also use our Cessna 172 sim, replicating one of the most popular general aviation aircraft.

Program Goals

Reveling the exciting world of aviation, understand the basics of flight, the history of flight and developing skills of collaborating one with another, cope under pressure, taking responsibility and even practice Math and Physics in a very exciting way. the highlight of this program will be by making a complete simulated solo flight - Takeoff, climb, cruise, descent, approach and landing (just like a real pilots practices in the real world) and then get our GFA wings! They will get to really feel what it's like to be a pilot. Who knows, they might fall in love with it just like we did!

This program delivers STEM learning with a high-flying fun experience.

Materials, Supplies. Equipment

GLOBAL FLIGHT ADVENTURES

We will be using our 2 state of the art simulators. The class will take place at our briefing room where we will discuss, demonstrate and calculate the art of flight, followed by practicing and understanding what is going on right from the captain seat in each of our simulators.

This program is limited only for 10 students!

Program Schedule & Detail
