RE: Approval of International Field Trips

---

As part of our commitment to develop well-rounded students and global citizens, I am excited to share that we are looking to bring back international travel experiences for students at Westwood High School. Below, please see links to a memo from WHS Principal Amy Davenport regarding travel-based learning opportunities, as well as an overview of our collaboration with EF Educational Tours and information about our first two trips: a service-based learning trip to the Dominican Republic during J-Term 2025, and a travel-based learning trip to Western Europe during July 2025.

I look forward to discussing this with the Committee at our meeting on May 9, and recommend you vote to approve these first two trips.
