LEARNING through PLAY

FINE MOTOR FUN

Tape Resist Painting- on a flat box or canvas tape out a design (if your child is old enough let them handle the tape). Paint in between the tape using watercolors of washable tempera paints. Once the paint is dry, carefully peel the tape off.

Fun cutting practice- Put figurines, plastic animals or tokens in a muffin tin and place painters tape horizontally and vertically over the muffin cups. Encourage your child to use scissors to cut the tape to rescue the items.

Color Match with dotty stickers - On an empty toilet roll or paper towel draw colored dots all over. Give your child a sheet of correlating color dotty stickers and encourage them to place the sticker on the correct color.
