Message from the Principal

We have officially adopted our new school motto:

BE KIND, BE CURIOUS, BE COURAGEOUS

The MJ Welcoming School committee and the staff based MJ School Culture committee started discussions about the motto last year. This fall, the full staff made the decision to change the motto to reflect our focus on kindness and to better align with district's vision, mission, and core values.

Westwood Public Schools Strategy for District Improvement 2018-2021

VISION:

Graduates of the Westwood Public Schools are skilled, confident, curious, and kind: excited for their futures and ready to contribute to their communities

MISSION:

To prepare students for college, career, and civic life by providing rich and challenging curriculum, high-quality instruction, and authentic educational experiences

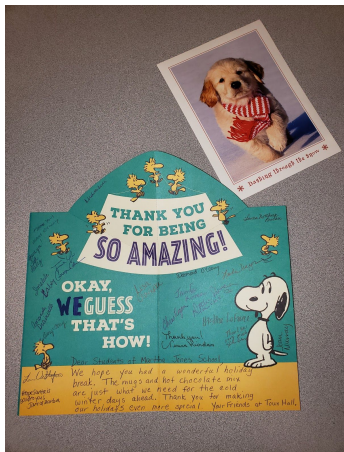

CORE VALUES:

Academic excellence and a commitment to improvement
Curiosity and tenacity
Respectful relationships in a caring, collaborative community

The students are in the process of voting for a new logo or mascot that will go with our new motto. Over 100 students submitted ideas, with many great suggestions. We are excited to see who the "winner" is and to get to work ensuring we are living by our motto here at Martha Jones School. Remember to:

BE KIND, BE CURIOUS, BE COURAGEOUS

MJ News

Thank you notes for Snowman Mugs - As you may know, we sent out over 400 mugs to police officers and firefighters, town employees, bus drivers, and families visiting the food pantry to show our appreciation for those who take care of us and to spread holiday cheer to our neighbors and community members. We have received a number of thank you notes and shout outs from those who received our thanks, proving doing something nice for others really is appreciated.

Mini Courses - Mini Course registration will open at 7:00AM on Tuesday, January 14th and run through January 21st. Courses will start on January 27th. The registration link will be sent via school messenger at 7:00 am on Tuesday, January 14th and will be posted on the MJ PTO Facebook page. Many classes fill up quickly, so log on early to get your child into his/her top choices. Thank you for supporting these fun and engaging courses for students.

Report Cards - Report cards will be mailed home on Friday, January, 31st. Teachers put a tremendous amount of time into making sure the report card provides you with a snapshot of how your child is doing in school. However, report cards can not capture everything. If you have any questions, concerns, comments, or input regarding your child's success in school, please reach out to your child's teacher. Fostering each child's individual growth for successful academic, social, and emotional outcomes in a safe learning environment is our number one priority and requires strong parent partnerships. Your input is welcomed and valued.

Reporting an Absence or Change in Dismissal: *Just a reminder...* If your child will be absent or tardy, please call the school office at 781-326-7500, ext. 6321 or send an email to: dsantangelo@westwood.k12.ma.us. If there is a change in your child's dismissal routine, please email dsantangelo@westwood.k12.ma.us and your child's teacher. Thank you for your attention to this matter. One of our goals is safety for all.

Spirit Day - Friday, January 31 The student council would like to announce the next spirit day. On Friday, January 31st we will be having Swap Day! We would like you to show your school spirit by having students dress like teachers and teachers dress like students.

Students, think about what your teachers wear on a regular basis. A tie, fancy shoes, bright glasses, or funky jewelry. Be creative and have fun! Now teachers, we don't want you to miss out on all the fun. You may dress like a student for the day. Dig into your closets for hoody sweatshirts, long shorts, sweatpants, sneakers, and hats. Wear anything that your students might wear.

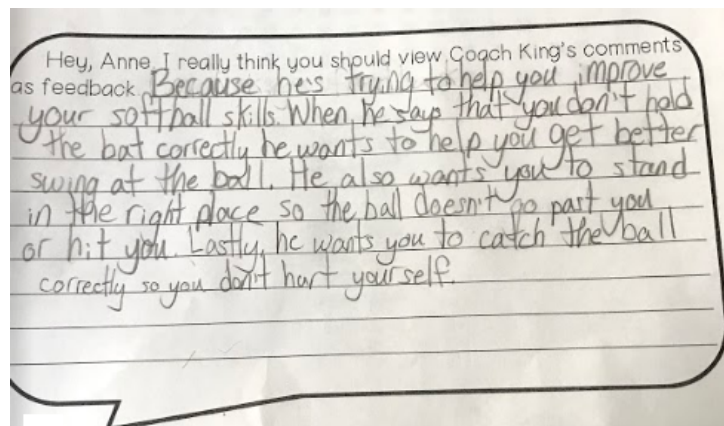

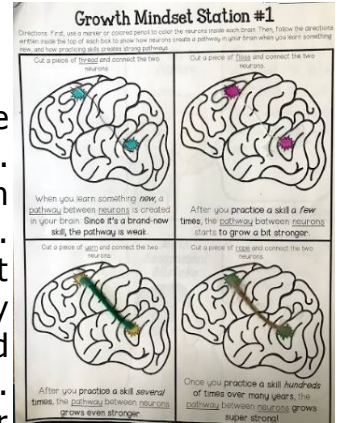

Classroom Happenings

News from 4L (Mrs. Luskin)

New Year, New Mindset!

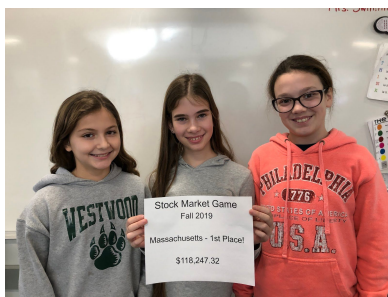

Students in 4L have been celebrating the new year by focusing on growth mindset. First, we reviewed the difference between a growth mindset and a fixed mindset. Essentially, a growth mindset believes that the brain can learn and grow - especially when things are difficult, while a fixed mindset believes a brain cannot change. Then, each student named resolutions for

the remainder of the year by identifying helpful habits and unhelpful habits, and ways to get out of their comfort zones. Lastly, students worked in groups to extend their thinking by understanding how practice makes the pathways in the brain stronger, revising thoughts from fixed to growth, and by giving advice to someone who takes feedback as criticism. Learning how to take feedback positively is an important part of the process of learning and probably one of the biggest challenges. Although students have name their resolutions, they know the hard part will be to keep positive and focused as well as to accept feedback to improve.

News from 5R (Ms. Reed) Congratulations Are In Order! Way to Go Cara, Madisyn, and Sophia

Three students in 5R are celebrating a recent 1st Place win in the statewide Stock Market Game competition. Cara, Madisyn and Sophia increased their \$100,000 cash portfolio to more than \$118K in ten weeks. All together they invested in ten different stocks.

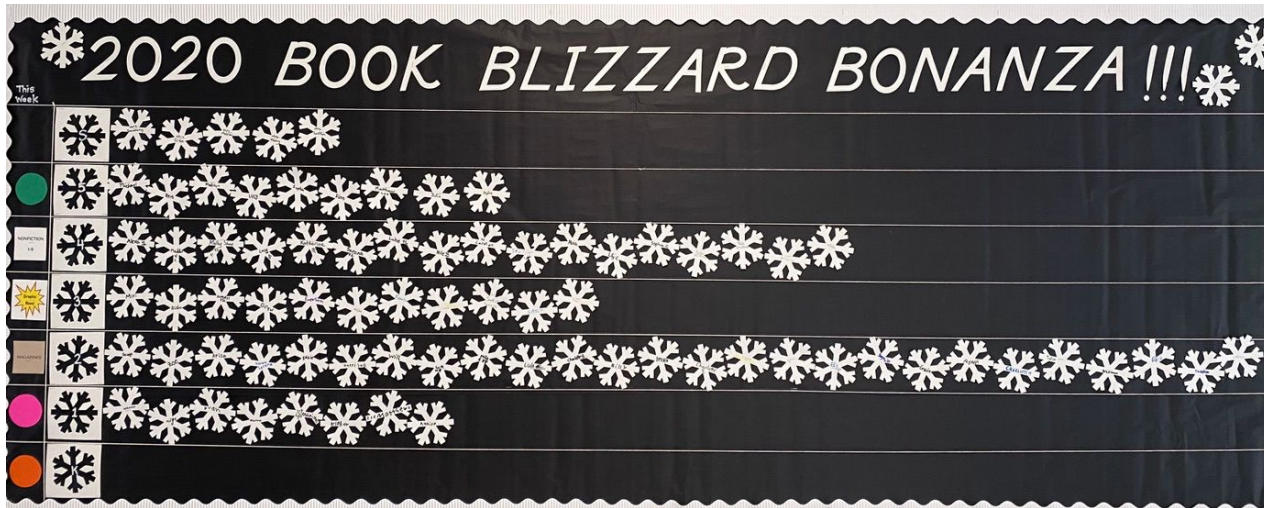

Seven turned out to be winners and three were losers. Mesa Air Group (MESA) and CVS (CVS) earned them roughly \$3,000 each during the trading session. Students in 5P and 5B also participated in the competition. Martha Jones teams also placed in the 8, 9 and 10 spots out of 82 state teams. A compliment to the SMG is the InvestWrite essay contest. This optional challenge required students to write a roughly 800 word essay demonstrating basic knowledge of stocks, bonds and mutual funds. Results are expected later this month. The spring Stock Market Game session begins on February 3. Students will get a second crack at creating a portfolio of winning investments. Will the Bull Market persevere or will the Bears make a dreaded appearance?

News from the Library (Mrs. Swinning) - We are kicking off the New Year with a new CHALLENGE in the Martha Jones Library!

Mrs. Swinning and some teachers as well are challenging all students to read as many books as possible over the next 6 weeks from all different areas in the Library. The different colors represent the different sections/selections in the library.

Students who choose to participate will get a snowflake on the bulletin board and a special bookmark to keep track of their books read. Many students have already accepted the challenge! You can keep up with more Library news by following us on Facebook!

News from Mrs. Tucceri

What's "App" in Speech-Language Technology?: This fall, I attended a conference run by the Institute for Educational Development entitled *Speech-Language Pathologists: What's NEW in Technology to Save Time and Accelerate Therapy Outcomes* facilitated by speech-language pathologist, Chris Wenger. Although many of the applications discussed are already used at the Martha Jones, there were a few new ones that I learned about as well as updates to some that I have been using. ClassHook is an app where you can select clips of television programs or movies and mute them to work on improving students' nonverbal language interpretation by looking at the actors' facial expressions and body language to determine what they are thinking and feeling. EDpuzzle allows you to store YouTube videos and edit them to use with students. The microphone allows you to record over the video so students can retell the stories in their own words. This application is also good for students who need to work on projecting their voices. Newsela is perfect for finding high interest articles at a student's reading or listening comprehension level. BrainPOP contains catalogs of short curriculum-based animated videos. Vocabulary words can be taken from the website or app and previewed prior to watching the videos. Pic Collage is great for targeting

short curriculum-based animated videos. Vocabulary words can be taken from the website or app and previewed prior to watching the videos. Pic Collage is great for targeting vocabulary concepts, categories and narratives and Pear Deck is an interactive presentation tool used to actively engage students in social learning. These are just a few of the applications that were discussed. If you are interested in learning more or receiving a copy of the conference handout, please feel free to contact me,
